Raised from the Dead

Long and Terrible Illness from Blood Poisoning

COMPLETELY CURED BY HOOD'S SARASAPILLA

"Five years ago in Cincinnati I visited the physician at an autopsy, having for years been a professional nurse. By some means I was soon stricken with a bad case of

Blood Poisoning

Which affected my head, throat and mouth, breaking out in terrible sores. My head and neck still show plainly where such sores formed. My arms swelled to near twice their natural size. My tongue was nearly split in two by an ulcer, the roof of my mouth was nearly destroyed, and my hair all came out. I was indeed in

Most Pitiful Condition

For three years was constantly under the treatment of several of the most eminent physicians. At one time I felt death was close at hand. Heaven only knows what I suffered. I became greatly emaciated, losing weight until I was but 78 pounds. My insinuations and demands for fees for physicians and medicines until we were totally disengaged; for there seemed to be no slight prospect of anything to help me in this side of the grave. A year and a half ago, having read what Hood's Sarasapilla does in other cases, I concluded to try it. After a while I began to improve, slowly surely, and the more rapidly, until to my greatest delight I could get out of my bed and walk. I have now become perfectly cured and am

A Well Woman

I now weigh 128 pounds, eat well and do all the work for a large family. My son is in full, well, useful recovery, and even physicians look at me with astonishment, as almost like one raised from the dead." MRS. MARY E. O'FALLON.
